Clinical judgement 577
Documentation of findings 589

Also in this volume

PAGES 605-627

DOSAGE CALCULATION

Dosage calculation and safe administration 605

BOOK ONE OF THE NURSING PLAN SERIES

This volume is complete in itself: it covers the first year of the programme — fundamentals, professional practice and assessment. Medical-surgical nursing, mental health, maternity, paediatrics and pharmacology are the subject of later volumes and are not in this book.
